

Los Angeles Air Force Base Pharmacy Formulary - Current as of November 2015

General Information

This formulary lists medications which are currently available at the Los Angeles Air Force Base pharmacy. This list may change without prior notice. For updates on a specific medication, please contact the pharmacy department. The formulary is also available on-line at <http://www.losangeles.af.mil>

Generic equivalents will be dispensed unless none are available. Brand name only prescriptions WILL NOT be honored per DoD policy if a generic equivalent is available.

Medication required to support Deployment will be dispensed in quantities sufficient to support the mission; restrictions may apply.

TELEPHONED, FAXED AND PHOTOCOPIED PRESCRIPTIONS WILL NOT BE ACCEPTED.

We now accept e-prescriptions, have your doctor send them directly to us.

Prescription policies

a. Non-controlled medications

- Prescriptions for non-controlled substances are valid for one year from date written and considered expired after that time
- Refills remaining after the expiration date will be void
- Quantities will be filled up to a maximum of 90-day supply and 3 refills for maintenance medications

b. Schedule II medications:
