MEMORANDUM FOR DISTRIBUTION

SUBJECT: Audit of Medical Staffing and Specialty Care Requirements in Guam  
(Project No. D2011-D000LF-0093.000)

We plan to begin the subject audit in April 2011. This is the second in a series of audits regarding the adequacy of medical plans related to the realignment of military members and their families to Guam. This audit will be performed pursuant to the requirements outlined in Public Law 111-84, Section 2835, regarding the use of funds appropriated for military construction on Guam in connection with the relocation of military personnel. Our objective is to evaluate the methodology used to determine the number and type of medical-care staff needed and the plan for providing specialty care to eligible beneficiaries. Specifically, given the expected population increases resulting from the realignment in Guam, we will determine whether the methodology and plan ensure that eligible beneficiaries have adequate access to care. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at Office of the Assistant Secretary of Defense for Health Affairs, TRICARE Management Activity, U.S. Pacific Command, and the Military Departments. We may identify additional locations during the audit. Please provide us with a point of contact for the audit in writing. The point of contact should be a Government employee, a GS-15 or pay band equivalent or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and e-mail address by mail, by fax to [REDACTED] or by e-mail to [REDACTED]
