SUBJECT: Audit of the Implementation of the Vulnerability Management Program at the U.S. Central Command (Project No. D2013-D000LC-0169.000)

We plan to begin the subject audit in June 2013. Our objective is to determine whether the U.S. Central Command's vulnerability management program effectively identifies, remediates, and mitigates network vulnerabilities. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at the U.S. Central Command headquarters, MacDill AFB, Florida, and the U.S. Strategic Command headquarters, Offutt AFB, Nebraska. We may identify additional locations during the audit. We also may issue multiple reports as a result of the information obtained during this audit.

Please provide us with a point of contact for the audit in writing within **10 days** of receipt of this memorandum. The point of contact should be a Government employee— a GS-15 or pay band equivalent, or the military equivalent.
