MEMORANDUM FOR UNDER SECRETARY OF DEFENSE FOR ACQUISITION,  
TECHNOLOGY, AND LOGISTICS  
DIRECTOR, DEFENSE LOGISTICS AGENCY  
NAVAL INSPECTOR GENERAL  
AUDITOR GENERAL, DEPARTMENT OF THE ARMY

**SUBJECT:** Continuation of Audit of the Department of Defense and General Electric Support for the T700 Engines (Project No. D2014-D000AT-0187.000)

This is a continuation of Project No. D2014-D000AT-0120.000, "Audit of the Department of Defense and General Electric Support for the T700 Engines," which began in February 2014. Our objective is to determine whether the Department of Defense is effectively managing the T700 engine contracts.

The prior project (D2014-D000AT-0120.000) primarily addressed the obligation of funds for the T700 Technical, Engineering, and Logistics Services Support engine contract. This project will address the management of inventory for the T700 engine contract. We will consider suggestions from management on additional or revised objectives.

For this follow-on audit, we will continue our coordination with the points of contact that we have for the Defense Logistics Agency, U.S. Army Materiel Command, U.S. Army Contracting Command, U.S. Army Aviation and Missile Life Cycle Management Command, Corpus Christi Army Depot, and contractor facilities. We plan to begin the subject audit in June 2014.
