October 8, 2014

MEMORANDUM FOR UNDER SECRETARY OF DEFENSE FOR ACQUISITION,  
TECHNOLOGY, AND LOGISTICS  
ASSISTANT SECRETARY OF THE AIR FORCE (FINANCIAL  
MANAGEMENT AND COMPTROLLER)

SUBJECT: Audit of U.S. Air Force Pricing of F117 Engine Sustainment Services  
(Project No. D2015-D000AG-0036.000)

We plan to begin the subject audit in October 2014. This audit is the second in a series regarding the U.S. Air Force's *Globemaster III* Integrated Sustainment Program contract (for reference to the first audit, see Project No. D2014-D000AG-0133.000). The first audit focused on the U.S. Air Force's commerciality determination of the F117 engine sustainment services. In this audit, our objective is to determine whether the U.S. Air Force is purchasing sole-source F117 engine sustainment services at fair and reasonable prices through the *Globemaster III* Integrated Sustainment Program contract. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at Air Force Life Cycle Management Center, Robins Air Force Base, Georgia, and the offices of The Boeing Company and Pratt and Whitney. We may identify additional locations during the audit.

For this audit, we will continue our coordination with the points of contact that we have for the Air Force Life Cycle Management Center.
