MEMORANDUM FOR UNDER SECRETARY OF DEFENSE FOR ACQUISITION, TECHNOLOGY, AND LOGISTICS
COMMANDER, AIR FORCE SPACE COMMAND
ASSISTANT SECRETARY OF THE AIR FORCE (FINANCIAL MANAGEMENT AND COMPTROLLER)

SUBJECT: Audit of the Supply Chain Risk Management of Strategic Capabilities at the Air Force Space Command (Project No. D2017-D000AG-0155.000)

We plan to begin the subject audit in June 2017. This audit is in response to a congressional reporting requirement contained in House Report 114-537, to accompany the National Defense Authorization Act for Fiscal Year 2017. Our objective is to determine whether the Air Force Space Command has implemented an adequate supply chain risk management program for one or more critical strategic systems. This will be the second in a series of audits on DoD Strategic Capabilities Supply Chain Risk Management. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at the Air Force Space Command Headquarters, Peterson Air Force Base, Colorado, its field locations, and contractor facilities. We may identify additional locations during the audit.

Please provide us with a point of contact for the audit within 5 days of the date of this memorandum. The point of contact should be a Government employee—a GS-15, pay band equivalent, or the military equivalent. Send the contact’s name, title, grade/pay band, phone number, and e-mail address to audcolu@dodig.mil.

If you have any questions, please contact [REDACTED] or [REDACTED] at [REDACTED].

Troy M. Meyer
Principal Assistant Inspector General for Audit
