Hazard Communication

April CEERD-SO, 601 634 2298 – click links/image for details – ([public search – ERDC Safety](#))

Hazard Communication Standard Labels

OSHA has updated the requirements for labeling of hazardous chemicals under its Hazard Communication Standard (HCS). All labels are required to have pictograms, a signal word, hazard and precautionary statements, the product identifier, and supplier identification. A sample revised HCS label, identifying the required label elements, is shown on the right. Supplemental information can also be provided on the label as needed.

For more information:

www.osha.gov (800) 321-OSHA (6742)

SAMPLE LABEL

CODE _____ Product Name _____	} Product Identifier	Hazard Pictograms  	Signal Word Danger	Hazard Statements Highly flammable liquid and vapor. May cause liver and kidney damage.
Company Name _____ Street Address _____ City _____ State _____ Postal Code _____ Country _____ Emergency Phone Number _____
