

U.S. DEPARTMENT OF HOMELAND SECURITY

U.S. COAST GUARD BOAT RECORD

GENERAL DESCRIPTION

CG Boat Plate Data

CG _____ Type _____

Capacity (*crew and passengers*) _____Crew Load (*passengers and gear*) _____Built (*builder's name and year*) _____HIN (*if applicable*) _____

Accepted by _____

(Name)

(Unit)

(Date)

Cost: Hull _____ Outfit _____ Machinery _____ Total _____

Length O/A _____ Beam _____ Draft _____

(normal outfit, no load)

Weight: Hull _____ Outfit _____ Machinery _____ Total _____

Material: Hull _____ Deck _____ Superstructure _____

MACHINERY DATA

Engine: Gas _____ Diesel _____ Inboard _____ Outboard _____ Outdrive _____

Horsepower Make _____ Model _____ Serial No. _____

No. of Cyl _____ R.P.M. _____

Alternator: Make _____ Model _____ Volts _____ Watts _____

Starter: Make _____ Model _____ Volts _____ Amps _____

Starting Battery: Make _____ No. _____ Type _____ Volts _____

Ampere hour capacity _____

Cooling system: Fresh water cooled _____ Raw Water cooled _____

Type injection _____ Type Starting _____

Lube oil filter: Make _____ Type _____

Fuel oil filter: Make _____ Type _____

Reverse/reduction Gear: Make _____ Model _____

Reduction ratio _____

Sparkplug: Size _____ Type _____ Number Required _____ Radio shielding _____

Rotation of engine facing coupling _____

When installed _____ By whom _____

Propeller shaft: L.O.A. _____ Dia. _____ " ; Taper (*one end*) (*Both ends*) _____ in
to one foot; keyway _____ " x _____ "

Propeller: Number of blades _____ Diameter _____ Pitch _____

Capacity of fueled tank (*gallons*) _____ Cruising radius _____ miles

Max. Speed _____ knots. _____

Electronics installed:

Condemned by B/S - _____
(Unit) (Date)

Approved by _____
