Certificate of Inspection

Vessel Name: STRETCH DUCK 07

This vessel shall maintain a minimum of twelve (12) inches of freeboard from the waterline to the bilge discharge.

When distress signaling devices are not carried onboard, waterborne portion of the excursion is not to exceed thirty (30) minutes in duration.

Passengers are to remain seated at all times unless under the direct supervision of the master.

Smoking or the use of any open flame is prohibited.

Fueling operations are prohibited on water, unless the requirements of 46 CFR 182.445 and 182.450 are met.

An alternate crew shall be provided when the vessel is away from the dock, or when passengers are on board or have access to the vessel, for a period exceeding twelve (12) hours in any twenty-four (24) hour period.

The minimum number of child-size life preservers required is four (4). When more than four (4) children or adults, weighing less than ninety (90) lbs are carried, a child-size life preserver shall be provided for each additional person on board.

Any time the watertight integrity of the vessel is compromised through replacement, repairs, or maintenance, the vessel shall be subjected to an operational in-water test and the Officer in Charge, Marine Inspection shall be notified. Additionally, once satisfactory results are achieved, the test date and time, and the test method and results must be logged by the owner's representative and/or the vessel's master prior to loading passengers.

The following endorsements are incorporated under the provisions of 46 CFR § 175.550:

1. An anchor is not required on Table Rock Lake.
2. An automotive-type fuel strainer is authorized, provided it is constructed of steel.
3. A "flapper" valve, in lieu of a positive action valve, will be accepted on all installed bilge pump discharge lines.
4. When operating on Lake Taneycomo ensure daily communications are conducted with U.S. Army Corps of Engineers Table Rock Project Office to monitor dam flow rates.

Vessel may operate at night, on Lake Taneycomo under the following established guidelines:

1. Tours must begin and end at the Branson City Landing.
2. An additional crewmember must be onboard and passenger count is reduced to thirty-six (36).
3. The vessel must have a floating water light and a handheld spot light.
4. An emergency assistance team must be on hand to respond as needed.
