4. DEFINITION OF INADEQUATE SUPERVISION
A type of child neglect characterized by the absence or inattention of the parent, guardian foster parent, or other caregiver that results in injury to the child, in the child being unable to care for himself or herself, or in injury or serious threat of injury to another person because the child’s behavior was not properly monitored.

5. RESPONSIBILITIES

a. Army in Europe Leaders. Military and civilian leaders throughout the Army in Europe will enforce the policy in this regulation by ensuring that all assigned Soldiers and Department of the Army civilians apply the child-supervision guidance in tables 1 and 2. Table 1 provides guidance on levels of supervision. Table 2 converts ages to grades for homeschooled children. Beginning with the first day of kindergarten, the guidance is based on the child’s grade rather than the child’s age.

b. Parents and Adult Caregivers. All parents and designated adult caregivers—

(1) Are responsible for the supervision, safety, and well-being of children in their care.

(2) Must exercise reasonable judgment based on a particular child’s needs. Table 1 provides guidelines for making these decisions. Important variables to consider are—

   (a) The maturity of the child and age-appropriate responsibilities given to the child.

   (b) Any physically or emotionally disabling conditions the child may have.

   (c) The child’s knowledge of and ability to apply emergency procedures.

   (d) The child’s accessibility to parents or other designated and informed adults.

(1) Anyone who observes an incident of child abuse or neglect should report the incident to the local military police (MP).

(2) For the purpose of this policy, all physicians, nurses, social workers, school personnel, Child and Youth Services (CYS) personnel, Family Advocacy Program (FAP) personnel, psychologists, and other medical personnel are “mandated reporters.” Mandated reporters will report information about known or suspected cases of child abuse or neglect to the MP as soon as the information is received.

(3) Any individual within the chain of command of a Servicemember is required to report credible information (which may include reasonable belief) that a child in the Family or home of the member Servicemember has suffered an alleged incident of child abuse or neglect.

(4) As the regional points of contact for the FAP throughout the Army in Europe, the MP will investigate all reported incidents and forward the findings, if substantiated, to servicing FAP clinical personnel and to the applicable garrison commander for evaluation and disposition.

NOTES:
1. The U.S. Department of Defense Education Activity may adjust its child-supervision requirements for off-post bus stops if deemed necessary according to local security and safety indicators. School administrators and CYS personnel will inform parents of any local deviations from the requirements in this table.
2. Country-specific or local community guidance applies and is available through the Army Community Service FAP. Youths who wish to babysit (siblings or others) are encouraged to complete the Red Cross Babysitters Course. The number and ages of other children present need to be considered.
3. During the summer, children are considered to be in the grade they just completed until the first day of their next school year.
4. These guidelines do not apply to high-school students who are age 18 or older, nor do they apply to married dependents under the age of 18.
5. Homeschooled children will be considered to be in the grade that is consistent with their age (table 2).
