

ROSEMONT COPPER PROJECT, PIMA COUNTY, CALIFORNIA  
RECORD OF DECISION

ERRATA SHEET  
JUNE 2019

The following corrections are made to the Record of Decision for the Rosemont Copper Project:

1. RECORD OF DECISION, SECTION VIII.a.2, PAGE 40

An error was identified in which Figure 4 was inserted on top of existing text on page 40, preventing the text from being seen. The Record of Decision has been modified to move Figure 4 from page 40 to page 40-A, in order to reveal the original text. Page 40 now contains the text in the ROD that was inadvertently covered up by Figure 4. All other pagination remains the same.

2. RECORD OF DECISION, ATTACHMENT E, PAGES 1-410

An error was identified where existing figures located throughout the October 30, 2013, Biological Opinion issued by the United States Fish and Wildlife Service were not visible. Pages 1 through 410 of the document have been replaced with a version of the Biological Opinion with visible figures.

3. RECORD OF DECISION, SOUTH PACIFIC DIVISION MITIGATION RATIO SETTING CHECKLIST; ATTACHMENT C AND ATTACHMENT A OF ATTACHMENT G

An error was identified in the numbering of the South Pacific Division Mitigation Ratio Setting Checklist, located in Attachment C of the Record of Decision and in Attachment A of Attachment G of the Record of Decision. There are three pages in the Attachments. Pages 1 and 2 consist of the Checklist with columns A through I, and page 3 consists of Table 1: Qualitative comparison of functions (functional loss vs. gain). These pages were inadvertently misnumbered, with the first two pages reading "1 of 4" and "2 of 4" and the third page unnumbered. No changes are being made to the ROD or its attachments with this errata. Rather, we are clarifying that, despite the numbering, there are only three pages.
