141 East 37th Street,  
New York, Feb. 13, 1922.

Dear Moorman:

Referring to your note I shall  
give you a formal statement of my sickness.

Three weeks ago next Wednesday I  
went to bed with the gripe. Within a  
few days I was able to get up a few hours  
each day but when I did not get better I  
called in another doctor who told me I had  
pleurisy with water and sent me to bed.  
Last Thursday he let me get up for a few  
hours. I have been sitting up <sup>some</sup> every day  
since then. I still have a little fever  
each evening but the Doctor says I am  
doing nicely and should be O. K. within  
a few days.

Very sincerely yours,

H. O. YARDLEY

HOY-jom

Major Frank Moorman, C. S.,  
Military Intelligence Division,  
Washington, D. C.
