Dear Moorman:

Regarding the memorandum on Ma 463 which Col. Locke spoke to you about, we mean to state that MA 463 consists of only one word and we cannot decipher it.

Very sincerely yours,

The point of it is this we are apparently charged with having received a copy of Ma 463. Has any such copy been sent us?

*Ma 463 has not been sent in
a container, only one word and we
cannot decipher it*
