WASHINGTON

Oct. 4, 1922.

Dear Yardley:-

Packages received from you during the last few days have had the seals badly broken. It does not appear that this is due to any cause other than rough handling in the mail but the sealing wax you use seems to be of a very poor quality which peels easily from the paper.

Would you please see if you can get a better quality of sealing wax and arrange for sealing the inner envelope with some kind of tape or clip which if opened will immediately indicate that fact.

Very sincerely yours,

Frank Moorman

Dear Moorman:
we have bought some good wax
which is very strong and won't break

Yardley
