New York, July 5, 1922.

Dear Moorman:

The enclosed was sent to me on June 13th with a note from Miss Morse stating that Major Short would like a decipherment as soon as possible. The foregoing is written as a precaution, as I do not know how much Major Short knows about this office.

The message is in Chinese code and we would scarcely be in a position to read it without a great deal of additional material.

Very sincerely yours,

Hayden
