Dear Yardley:-

There is being mailed this date, under separate cover, six memos and interviews in connection with your recent memo. It is hoped it will be of considerable assistance. K is especially anxious about these and has asked me to have no copies made and to return them when they have served their purpose.

I am returning herewith your original untranslated copies with notes.

There is being forwarded to you today, five M.A.'s and eleven T.A.'s. In a conference today was advised that T.A.'s are also now considered of great importance so please work these in conjunction with M.A.'s.

Am also forwarding new Diplomatic List and copy of Report of the Delegates of the Fifth International Conference of the American States.

Sincerely,

C.M.M.
