Dear Major Churchill:-

General Heintzelman having left and gone to G-4, I am taking the liberty of acknowledging your letter of November 15th. Mr. Yardley has been requested to send you memorandum receipt for property in his possession. I understand that you will advise him as to discontinuance of the telephone service so that the entire matter is satisfactorily arranged.

In reference to your letter of November 14th on the subject of information furnished by Bicknell, I have given the list of delayed messages to the State Department for such action as they deem advisable.

In reference to data now being furnished this office by Bicknell. I see no objection to having this come through your office. There is very little of it and the work of handling it in your office will not be burdensome, on the other hand, you may find information of particular interest to you. We did have an arrangement by which copies were furnished G-2 at Governors Island but this was discontinued on request of G-2 on the ground that the information received was of no value to him. If you would like to have the matter come through your office I would suggest that you make arrangements directly with Captain Bicknell.

Very sincerely yours,

rls
