

PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

a. The PII is: (Check one. Note: foreign nationals are included in general public.)

- From members of the general public From Federal employees and/or Federal contractors
 From both members of the general public and Federal employees and/or Federal contractors Not Collected (if checked proceed to Section 4)

 Significantly Modified DoD Information System

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

Corporate Electronic Document Management System (CEDMS) is used to accommodate administrative requirements for Defense Finance and Accounting Service (DFAS). CEDMS has been referred to as "a web-based electronic file room." The system is an archival repository for specific DFAS documents after financial processing has been completed by the relevant DOD organizations. CEDMS provides document management, record keeping, record retrieval, record staging and document security for management (i.e. scanning and indexing) of various types of hard copy source documents. These documents include vouchers (e.g. schedules of withdrawals and credits, vouchers for transfer between appropriations and/or funds, journal and cash collection, military pay, public vouchers for refund and debit vouchers) and disbursements (e.g. statement of accountability, schedule of canceled or undelivered checks). When information is needed from CEDMS, either the DFAS CEDMS office provides the information to the requesting agency or the requesting agency may retrieve their own information. This is done by the agency submitting a written request on agency letterhead including a system access form (DD Form 2875) for the designated person to access the information.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

The PII is contained in the source documents provided by other agencies. The PII is used for data matching within the CEDMS system.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

- (1) If "Yes," describe the method by which individuals can object to the collection of PII.
(2) If "No," state the reason why individuals cannot object to the collection of PII.

CEDMS does not collect the PII directly from the individual. The individuals have an opportunity to object at the stage when the PII is collected by the military, DOD agencies, or interfacing systems. When the PII is provided to DFAS, it is transferred to CEDMS via direct web upload, remote scan, or system interface. The PII is stored as a final state within the repository with no additional opportunity for an individual to object to the collection.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

- (1) If "Yes," describe the method by which individuals can give or withhold their consent.
(2) If "No," state the reason why individuals cannot give or withhold their consent.

CEDMS does not collect the PII directly from the individual. The originating organization would have to provide the opportunity for the individual to consent to the specific uses of their PII.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

Privacy Act Statement Privacy Advisory Not Applicable

CEDMS does not collect the PII directly from the individual. The originating organization would provide the Privacy Act Statement (PAS) when collecting the PII information.

h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component? (Check all that apply)

- Within the DoD Component Specify.
- Other DoD Components Specify.
- Other Federal Agencies Specify.
- State and Local Agencies Specify.
- Contractor (Name of contractor and describe the language in the contract that safeguards PII. Include whether FAR privacy clauses, i.e., 52.224-1, Privacy Act Notification, 52.224-2, Privacy Act, and FAR 39.105 are included in the contract.) Specify.
- Other (e.g., commercial providers, colleges). Specify.

i. Source of the PII collected is: (Check all that apply and list all information systems if applicable)

- Individuals Databases

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

Yes No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcltd.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
