

# **Current Environmental Contracts Louisville District**

## **ARCHITECT-ENGINEER HTRW CONTRACTS UNRESTRICTED – LARGE BUSINESS**

**NAICS Code 541330**

**Awarded FY16**

**Contract Value - \$9M each / \$36M total**

**3-year base period w/a 2-year option**

**Expires FY21 w/all options**

The Louisville District awarded four (4) Unrestricted A/E Environmental Service IDIQ Contracts covering the Great Lakes and Ohio River Division as well as USACE Mission Boundaries and all tasks are negotiated as firm, fixed price. They were all awarded under a single acquisition plan. The contract period is for five years (a three year base with a two year option). The maximum contract values of the four full and open contracts are \$9 million each (i.e. \$36M total). These contracts have broad scopes that include all facets of studies, site characterization and contamination assessments as well as historical land use profiles. Services include but are not limited to preparing Environmental Site/Compliance Assessments, Energy and Environmental Engineering Assessments, HTRW and MMRP Remedial Investigation/Feasibility Studies, Pollution Prevention Plans, NEPA Documentation, Environmental Impact Statements, Historical Records Reviews, and Risk Assessments. The required engineering services include, but are not limited to the production of work plans and/or specifications, engineering evaluations and cost estimates for the design of environmental projects.

**ARCHITECT-ENGINEER HTRW CONTRACTS**

**SMALL BUSINESS SET ASIDES**

**NAICS Code 541330**

**Awarded in FY19**

**Contract Value – 4 for \$9M, 1 for \$4M (total \$40M)**

**Expires FY24 w/all options**

The Louisville District selected multiple SB A/E Environmental Service IDIQ Contracts covering the Great Lakes and Ohio River Division Mission Boundaries and all tasks are negotiated as firm, fixed price. They were all awarded under a single acquisition plan. The contract period is for five years. The aggregate contract value of all 5 contracts is \$40M; four contracts for \$9M each and the Economically Disadvantaged Woman-Owned SB (EDWOSB) contract for \$4M. These contracts have broad scopes that include all facets of studies, site characterization and contamination assessments as well as historical land use profiles. Services include but are not limited to preparing Environmental Site/Compliance Assessments, Energy and Environmental Engineering Assessments, HTRW and MMRP Remedial Investigation/Feasibility Studies, Pollution Prevention Plans, NEPA Documentation, Environmental Impact Statements, Historical Records Reviews, and Risk Assessments. The required eng. services often include the production of work plans and/or specifications, engineering evaluations and cost estimates for the design of environmental projects.
