SUBJECT: Evaluation of the DoD's Actions to Develop Interoperable Joint Logistics Enterprise Systems and Tools for Demand Forecasting (Project No. D2021-DEV0PC-0108.000)

We plan to begin the subject evaluation in March 2021. The objective of this evaluation is to determine the extent to which the DoD developed interoperable Joint Logistics Enterprise systems and tools for forecasting demand for campaign and contingency planning, as required by Federal law and DoD policy. We may revise the objective as the evaluation proceeds, and we will also consider suggestions from management for additional or revised objectives.

We will perform the evaluation at the Office of the Chief Information Officer, the Office of the Under Secretary of Defense for Research and Engineering, the Office of the Under Secretary of Defense for Acquisition and Sustainment, the U.S. Transportation Command, the Defense Logistics Agency, the Center for Joint and Strategic Logistics, and selected Joint Staff Directorates. We may identify additional locations during the evaluation.

Please provide us with a point of contact for the evaluation within **5 days** of the date of this memorandum. The point of contact should be a Government employee—a GS-15, pay band equivalent, or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and e-mail address to [REDACTED]
