| 0745 | 1545 | 24 November 1963 |
| ASSUMED THE WATCH FROM | | |
| EXEMPT | | AT 0745 |

| TIME (LT) | EVENT |
|-----------|-------|
|-----------|-------|

| | |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1207 | General Blake called and asked if there had been any confirmation of press report that day of mourning applies to State Department and DOD agencies if heads so decide. He also asked that <u>EXEMPT</u> be phoned and asked to call him at his home. <u>And that General Davis</u> also be requested to call him upon his return. General Blake also wanted to know what the approximate working strength for tomorrow would be. Told him about the same as a normal week-end with an oversized septimus complement in B1 and a skeleton crew in all the divisions of B2. A group to be about the same as any holiday with a slight increase for purpose of preparing for Watch Committee meeting and USIB. |
| 1210 | <u>EXEMPT</u> called and asked for brief run down and NSA operations for tomorrow. Releayed General Blake's message to him. |
| 1214 | <u>EXEMPT</u> reports that the SHAMROCK matter has all been taken care of. |
| 1220 | Lou Grant asked that we readdress DIA ANALIT 40-63 to USM-48. |
