Testing boat-hoisting bolts.

SEMINOLE boats,

April, 1922.

Testing boat-hoisting bolts,
SEMINOLE boats.

April, 1922.

The page contains several handwritten scribbles. A long, thin, curved line starts near the top right of the text and extends downwards. Below it is a larger, more complex scribble consisting of several overlapping loops and curves. At the bottom center, there is another distinct scribble that resembles a stylized 'V' or a similar shape with a loop at the top.
