

COVID-19 Travel Restrictions Installation Status Update

Criteria for Lifting Travel Restrictions

Step 1: Meet Installation Criteria (No Travel Restrictions, HPCON below Charlie, Essential Services Available, Quality Assurance in place for Movers)

Step 2: Director of Administration and Management (DA&M), the Secretary of a Military Department, or a Combatant Commander approve lifting travel restrictions for an installation

Step 1 criteria must be met before travel restrictions can be lifted for an installation by the DA&M, the Secretary of a Military Department, or a Combatant Commander.

If installation conditions are subsequently not met, the approval authority decides if travel restrictions should be reinstated.

Unrestricted travel is allowed for Service members or civilians between installations that have met the criteria of the Secretary of Defense memorandum on the conditions-based approach to personnel movement and travel dated March 15, 2021. If either installation does not meet the criteria, an exemption or waiver would be required.

Travel Restrictions **LIFTED** at 209 of 230 Installations (91%)
(Met: Step 1 & Step 2)

Of the 209 installations with lifted travel restrictions this week,
6 reinstated travel restrictions while 0 lifted restrictions.
