MEMORANDUM FOR THE CHAIRMAN, INTELLIGENCE OVERSIGHT BOARD

THRU: Assistant to the Secretary of Defense (Intelligence Oversight)

SUBJECT: (U//FOUO) Report to the Intelligence Oversight Board on NSA Activities - INFORMATION MEMORANDUM

(U//FOUO) Except as previously reported to you or the President, or otherwise stated in the enclosure, we have no reason to believe that any intelligence activities of the National Security Agency during the quarter ending 30 June 2005 were unlawful or contrary to Executive Order or Presidential Directive, and thus required to be reported pursuant to Section 1.7.(d) of Executive Order 12333.

(U/FOUO) The Inspector General and the General Counsel continue to exercise oversight of Agency activities by means of inspections, surveys, training, review of directives and guidelines, and advice and counsel. These activities and other data requested by the Board or members of the staff of the Assistant to the Secretary of Defense (Intelligence Oversight) are described in the enclosure.

a. (C//SI) During this quarter, the Office of Inspector General (OIG) reviewed various intelligence activities of the National Security Agency/Central Security Service (NSA/CSS) to determine whether they were conducted in accordance with applicable statutes, Executive Orders (EOs), Attorney General (AG) procedures, and Department of Defense (DoD) and internal directives. With few exceptions, the issues presented were routine and indicated that the operating elements understand the restrictions on NSA/CSS activities.

OIG completed a joint inspection of the	
The inspection team found that some personnel who did	
not have access to the Sensitive Compartmented Information Facility (SCIF) had	
not received initial intelligence oversight training. NSA OIG will monitor this	
deficiency through correction.	
c. (U//FOUO) The OIG conducted an inspection of the NSA/CSS Representative Pacific (NCRPAC). Three Intelligence Oversight (IO) training weaknesses were documented and quickly rectified. USSID SP0018 (formerly USSID 18) training was added to the training program, recording keeping was automated and the webbased training was standardized for all NCPAC divisions.	
d. (U/FOUO) A special study of the NSA/CSS revealed deficient training accountability. Only 61% of the workforce had received the required IO training in 2004, and as of the study publication, training compliance has risen to 84% for 2005. The lacks a formal tracking and follow-up system to ensure 100% training compliance. NSA OIG will monitor this deficiency through correction.	L. 86-36
e. (U// FOUO) A follow-up inspection of the	
and NSA/CSS Representative found that the	
training and documentation weaknesses cited in our 13 September 2004 report have	*
been strengthened. Training and documentation procedures have been	
standardized and managed by an appointed IO Program Manager.

2. (U) GENERAL COUNSEL ACTIVITIES

-(C//SI) The NSA Office of General Counsel (OGC) reviewed various intelligence activities of the NSA/CSS to determine whether they were conducted in accordance with applicable statutes, EOs, AG procedures, and DoD and internal directives. The OGC advised Agency elements on a number of questions, including the collection and dissemination of communications of or concerning U.S. persons (USP); the reporting of possible violations of federal criminal law contained in SIGINT product; the testing of electronic equipment; and the applicability of the Foreign Intelligence Surveillance Act (FISA). With few exceptions, the issues presented were routine and indicated that the operating elements understand the restrictions on NSA/CSS activities. The OGC did not file any reports with the Intelligence Oversight Board during this quarter.
