HEADLINE PUZZLE  

The following are all headlines from a recent daily paper. Each of the five is a different letter-for-letter substitution. All five are derived from the same mixed alphabet at different settings against itself. To pick up a handout with Paul Derthick's explanation of how to do the Headline Puzzle, stop in at the Newsletter trailer just inside Gatehouse 2.

More Info on Unsolved Cipher: In our April Newsletter issue we published the story of the unsolved Beale cipher. (Remember the treasure buried somewhere in Virginia?) Reader interest was so high that we tried to track down more information, and one kind-hearted NSAer supplied us with a lead—the address of the Beale Cypher Association! Interested individuals can write the association for a copy of their newsletter at: Beale Cypher Association, P.O. Box 236, Warrington, PA 18976. The association asks that you send $1 and a stamped, self-addressed business size envelope along with your request to cover their newsletter production costs.
