29 FEB 1968~~SECRET~~MEMORANDUM FOR MR. JAMES F. LEONARD,  
DEPARTMENT OF STATE, INRSUBJECT: Draft Reply to Questions Asked by Senator Fullbright  
Relating to USS PUEBLO - *file*

1. This responds to your memorandum of 23 February 1968.
2. The re-draft of the responses to Senator Fullbright's questions is satisfactory to NSA, subject to the following:
  - a. In the last sentence, answer to Question 7, "The positions of the Pueblo as indicated in her reporting between the time she broke radio silence at 230150Z to her capture shortly after 230430Z are as follows:", request that the phrase "shortly after 230430Z" be deleted inasmuch as our information indicates that the actual capture may not have occurred until some time after 230532Z.
  - b. On the page following the one where the above sentence occurs, under the date 23 January 0150Z, the next sentence begins, "Pueblo broke radio silence, transmitted the following information:", request that the phrase "broke radio silence" be deleted inasmuch as the PUEBLO had previously broken radio silence at 220820Z.
3. In the compilation of transmissions sent and received by USS PUEBLO, the sheets drafted to be used in place of pages 11 and 22 are satisfactory to NSA.
