Request for Inputs for Korean Situation Summary

1. In order to provide as complete and comprehensive coverage of current developments related to the Pueblo incident and its aftermath and to attempt to reduce redundant reporting, EII is to publish a daily wrap-up report entitled KOREAN SITUATION SUMMARY (KORSITSUM). This KORSITSUM is to be published at least daily, and more frequently if developments or the situation warrants. The series will normally be designated 1/0/[]/R- but may on occasion be modified to accurately reflect the source of information being reported. The KORSITSUM will follow a one-up numbering series (KORSITSUM/1 was published on 28 January).

2. Developments and reactions to the current critical situation obviously will not be restricted to the B area of responsibility. In line with this, both A and G have been providing to B, reflections of the Pueblo incident and related developments in material which comes under their purview. It is requested that A and G continue to provide, on an urgent and immediate basis, all related information which could be incorporated into the KORSITSUM -- to be compiled by EII.

3. The appropriate contact in EII is [] or the EII Watch Officer (telephone: 3001, Room 1A119). The DII for internal NSA product is "ZDE" and for field product is "DSD." Queries concerning the KORSITSUM may be referred to the above or to EO5 (telephone 5051).
