D33**PUEBLO Propaganda Material (U)**

1. NSA has not utilized any non-U.S. Government services to obtain copies of press clippings relating to the PUEBLO. However, our Office of Security and the Production Organization have been collecting all available material.
2. Propaganda items originating from various locations, including North Korea, Communist China, Africa, Cuba, and Canada have been received. Most of the propaganda items have entered the West through Communist capitals. Pictures and films recently were made available to overseas correspondents including NBC in London.
3. We will keep you informed of any significant developments.
