**Chronological Events Relating to the Seizure of the  
USS PUEBLO**

1. Inclosed is an updated version of a document put together immediately after the seizure of the USS PUEBLO entitled: Chronological Events Relating to Position of PUEBLO at Time of Seizure. The document was prepared as a joint effort between B and P2.

2. The updated version incorporates:

a. Additional operational messages involving the dispatch of the PUEBLO to the Korean area.

b. Product that has become available since the issuance of the original document. This relates primarily to North Korean radar tracks, and a refinement of previously issued product.

3. No additional light is shed on what was previously known.
