Subject: [Non-DoD Source] RE: NRFVOA Information for SCANDIES ROSE Crew

[REDACTED],

In our data base I have a [REDACTED] with the last four digits of his social security number as [REDACTED]. That person took the following:
1st Aid/CPR on 5/17/13, Basic Fire Fighting on 6/3/13 and Drill instructor on 6/1/15.

I have [REDACTED] in our data base with the last four of his social security number as [REDACTED]. He took the following:
Drill instructor on 8/29/94, CPR on 8/27/96 and Drug test collection on 5/24/06.

I do not have a record for any other people on your list. Please let me know if I can help in any other way.

Regards,

[REDACTED]
NPFVOA

Ms. [REDACTED]

Good afternoon. I am a member of the F/V Scandies Rose Coast Guard Marine Board of Investigations. Would you be able to confirm if the captain and crew members from the F/V Scandies Rose had received any form of training and certification from NPFVOA? Thank you in advance for the help.

Attach is the reply I received from Mr. Dzugan at AMSEA. Please let me know if you'd like me to reach back out in regards to a stability course.
Thanks!

Lt. [REDACTED]

The only crew on your list we have in our database of over 25,000 Drill Conductors we have trained is Gary D. Cobban b.d. [REDACTED] who took our 10 hour+ Drill course on 2/26/2009 in Kodiak. He was issued a Drill certificate of # 102187. He listed his vessel at the time as the F/V New Venture. On our database "Jr." after his last name is not in our records.

A [REDACTED] took our Drill class in Kodiak on 12/14-15/1993- his vessel was the F/V Lucrative. He took our 2 day 18 hr course and his name is listed as "Sr." but we have no birthdate on the roster for him. By deduction it might be assumed that Gary "Jr." is the son of the person who took the Drill course in 1993.

No other crewmembers on your list are in our database as being trained by AMSEA.

Hope this helps you.
