

Accessing DTS (Basics) Training Classes in TraX

May 15, 2025

Introduction

The DTS (Basic) series includes web based training (WBT) classes that introduce Defense Travel System (DTS) fundamentals. These WBTs are available for anyone, but are best suited for personnel new to the DoD and DTS. This training is accessible 24 hours a day, 7 days a week through the Travel Explorer (TraX).

Passport Access

When you need to take a web-based training (WBT) class, you log onto **Passport** (the DTMO's web portal).

Begin on the <u>DTMO</u> website.

 Select the TraX icon or navigate to <u>https://www.defensetravel.dod.mil/neoaccess/login.php</u>. A DoD warning statement (Figure 1) displays.

Passport
U.S. Department of Defense Warning Statement
You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only. By using this IS (which includes any device attached to this IS), you consent to the following conditions: The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations. At any time, the USG may inspect and seize data stored on this IS. Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose. This IS includes security measures (e.g., authentication and access controls) to protect USG interestsnot for your personal benefit or privacy. Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

Figure 1: Passport Message Page

2. Read the warning message and select **OK**. The **Passport Login** screen (Figure 2) opens.

PASSPORT	Passport

Figure 2: Passport Login Screen

3. You must have a user account to log onto **Passport**. If you don't have one, create one by selecting **Register Here**. The **Registration Instructions** screen (Figure 3) opens. If you do have one, skip the **Registering for TraX** section below.

Registering for TraX

On the **Registration Instructions** screen (Figure 3), there are <u>two ways</u> to register an account in TraX 1) **Username** (email address) and **Password** and 2) **Common Access Card (CAC)** or **Personal Identity Verification (PIV)**.

- For users accessing the website with Username and Password credentials, the DTMO Passport <u>requires</u> a two-factor authentication protocol.
- 2. For military and government users accessing DTMO **Passport** with their **CAC**, or **PIV** credentials the additional authentication step <u>is not</u> required.
- <u>Option 1</u>: To Register by **Username** and **Password**.
 - a. On the **Registration Instructions** screen, complete all mandatory fields.
 - b. Select Submit Registration.
 - c. You will receive an email when your account is ready.
 - d. Use the link in the email to complete the registration and create your password, then return to the **Passport Login** page (Figure 2).

- <u>Option 2</u>: Select **Register with your CAC**.
 - a. On the **Registration Instructions** screen, complete all mandatory fields which includes a password.
 - b. Select Submit Registration.
 - c. You will receive an email when your account is ready for use.
 - d. Return to the **Passport Login** page (Figure 2). Select **Continue** with your **CAC/PIV** (Figure 2).

Registration Instructions
Option 1: Complete all of the following items to register for an account.
Register with your CAC Complete the remaining items below.
If your login email has changed, please login to Passport using your old email and then update your login email to your new changed email.

Employment Type *
Select Employment Type 🗸 🗸
Work Phone * & Ext
123-456-7890 Ext
Submit Registration
* Required

Figure 3: Registration Instructions Screen

You may want to consider account registration for both methods. With the **Username** (email address) and **Password** you always have access to your account. **Completed Training Certifications** are associated to the email address (you had at the time of training) in the **Passport** account. If you register with the CAC, you still need to create a password. If your password changes, you can always update your TraX profile. See the **Update Passport Account Information** section at the end of this document.

Passport Login

Passport is available 24/7 to support a variety of purposes, so keep your **Passport** account active, and comply with DoD Cyber Security regulations by logging in <u>monthly</u>.

After you register for a **Passport** account, you can access the DTMO **Passport** portal by **Username** and **Password** or with your **CAC/PIV.**

- Username and Password Each time you use this login method to Passport, a one-time passcode is sent to your registered email address for additional authentication.
 - a. You will be presented a Passport Login Two-Factor Authentication window (Figure 4).
 - b. You have 30 minutes to obtain the one-time passcode sent to your email address.

Passport Login	Two-Factor Authentication	
Please enter the one-time	passcode that was sent to your email account before time expires 29:57. <u>Resend Passcode</u>	
Enter Passcode:

	ISS

Figure 6: DTMO Passport Authentication – One Time Passcode Entered

- f. The **password** is not authenticated until after the **Passcod**e is sent and entered.
- g. Select the Log in to Passport button to proceed (Figure 6).
- h. You should see the Passport Home page. Continue with logging into TraX.
- **OPT Passcode Resend** When using the **Username** and **Password** login method to **Passport** and you need another OPT Passcode, there is a planned 5-minute delay implemented before

a resend of the **One Time Passcode (OTP)**, link becomes available. After waiting the allotted time:

- a. Select the link to generate the OPT.
- b. Copy and paste the **One Time Passcode** into the **Passport Login Two-Factor Authentication** window.
- c. The password is not authenticated until after the **Passcode** is sent and entered.
- d. Select the Log in to Passport button to proceed.
- e. You should see the **Passport Home** page.
- Password Use Requirement For a non-CAC/PIV account with a Username (email address) and Password log in credential, you are required to change the password once every 60 days.
 - a. Passport is programmed to not allow use of the previous 5 passwords for security compliance.
 - b. When revising your **Password**, you will see text informing you of the prior 5 passwords <u>non-use</u> requirement.
 - c. Generate your new password within the guidance and then log into **Passport**.
- **Common Access Card (CAC)** Each time you use either a **CAC** or **PIV** log on credential for the DTMO **Passport**, the additional authentication step <u>is not</u> required.
 - a. Select Continue with your CAC/PIV.
 - b. A Select a certificate window appears. Choose your certificate. Then select OK.
 - c. You should see the **Passport Home** page.

Note: Remember a monthly log in is required to keep the account active.

Passport Home Page

The **Passport Home** screen (Figure 7) opens. The top of the page provides the **Last Login data** (i.e., date, time), User email address, Logon by (method) with an identifier. The example below shows Logon by **CAC: Yes**. From here, you can access various applications based upon your permissions. At a minimum, you will have access to **My Profile**, **Subscriptions**, and **TraX**.

Figure 7: Passport Home Screen

- **My Profile**: This is the profile established when you registered. Update your information when something changes such as your organization. You should always keep your TraX login email address up to date.
- **Subscriptions**: Shows you the DTMO Publications (e.g., Customer Services Notifications, DTMO Dispatch) that TraX automatically emails to you. You can unsubscribe at any time.
- TraX: Provides Tools you can use such as Training.

Begin on the **Passport Home** screen (Figure 7).

1. Select **TraX.** The **TraX Home** page opens (Figure 8).

Figure 8: TraX Home Page Screen

- 2. The TraX Home page provides access to the following:
- Training: Provides access to web-based trainings (WBTs) and Distance Learning (DL) sessions. Upon successful accomplishment of WBTs, you do receive Completed Training Certificates.
- **Trip Tools**: Provides access to complete a trip estimate and look up location reports (i.e., maps, travel advisories, etc.)
- Knowledge Search: Allows you to search for travel related questions and find answers.
- **Travel Assistance**: Allows you to submit a help desk ticket for assistance. Also, allows you to view your help desk tickets.
- Announcements: Provides travel related information and key data (e.g., TAC Outreach information, Travel Warnings and Alerts).

Available Training Screen

All WBTs are housed in the TraX Training module. Here is how to access any DTS (Basics) WBT:

1. On the **TraX Home** screen (Figure 8), select the **Training** button at the top of the page. The **Available Training** screen (Figure 9) opens.

Figure 9: Available Training Screen

On the **Available Training** screen, the class listing defaults to **Recommended Onl**y (Figure 9, Indicator 1), which displays recommendations based upon the roles you selected under **My Roles** (see the **My Roles** section, to learn more). Information on the screen also includes:

- Show All box (Figure 9, Indicator 2) check it to see all available classes.
- A key (Figure 9, Indicator 3) identifies the class types by 2-letter code and color. You can select a specific code (e.g., Web Based) to view only certain classes (Figure 9, Indicator 4).
- Search feature (Figure 9, Indicator 5) allows you to find one or more classes by name.
- Version (Figure 9, Indicator 6) manages the materials. When there is a change to the training materials the version will change. A major change will change the full number (e.g., 1 to 2) and a minor change will change the numbers after the .(dot) (e.g., 1.03 to 1.04).
- Information icon (i) (Figure 9, Indicator 7) provides more details about the specific class.
- Launch (Figure 9, Indicator 8) button to start the class.
- Print and Export Class (Figure 9, Indicator 9) provides a list of the completed WBT classes.

Note: If your desired class does not appear on the first page, go the bottom of the page and select **Next** to see more classes.

Launching A WBT Class

Locate the **Class Name** you want to take on the **Available Training** screen (Figure 9) then select **Launch**. An information screen (Figure 10) opens. It provides information about the class and the system requirements for running it.

	DTS (Basics) - About DTS - Google Chrome -		×
0-0	secure.defensetravel.dod.mil/neowbtraining/About_DTS/launch.php?WBTptid=327		Q
	Welcome to DTS (Basics) - About DTS		
	This class provides an introduction to DTS, explaining how to access and navigate the system. It serves as an excellent precursor to the DTS (Basics) -DTS Travel Documents (DTS 101) web-based training module.		
	This class takes an average of 60 minutes to complete in its entirety. This estimate assumes you visit all of the mandatory material, view approximately half of the optional material, and complete the assessment at the end of the module. Your time may vary significantly depending on your reading speed, the amour of material you access, and many other factors.	f It	
	You may complete this class in more than one sitting. Although the Travel Explorer (TraX) does not retain a record of your class progress after you exit a training module, when you return to the module, navigate directly to the page last viewed and proceed from that point; there is no need to start the module over. When you successfully complete the module, you will be able to print your completion certificate, and TraX will record your successful completion. To so a list of your completed training, log into TraX, navigate to the Training module, and select the Completed tab. You can also print copies of your training certificates from the Completed tab.	ee	
	System Requirements to view the course:		
	 Operating Systems: Windows 8.1 and greater, macOS 10.13 and greater Screen Resolution: Best viewed in 1024 X 768 or greater Supported Browsers: Edge, Chrome, Safari, Firefox Technologies: JavaScript and Cookies enabled Pop-up blockers must be disabled or manually allowed 		

Figure 10: Welcome Course Screen

- 1. Once you verify that your computer is properly configured, select **Launch Course** at the bottom of the window.
- 2. The class launches. You should see the **Title** page of the WBT session.
- 3. Select **Continue** to proceed.
- 4. The **Menu** slide displays.
 - a. Review the training items for the course.
- 5. Take the DTS (Basics) WBT class.
- 6. View the **Summary**.
- 7. Complete and pass the Assessment.
 - a. Upon successful accomplishment of the course, you will receive a **Completed Training Certificate**. See the *Section, Print Your Certificate*.

Print Your Certificate

DTMO WBTs offer a certificate upon successful completion of the assessment. You can view, print, and delete any **Completed Training Certificate** associated with your profile in TraX. Per **Records Management Requirements**, **Completed Training Certificates** are only maintained for 6 years. Records over 6 years are purged from TraX.

Here is how to print or download and save the training certificates. All options are visible in Figure 11.

Begin on the **Training** page in TraX.

- 1. From the TraX **Navigation Bar**, select the **Completed** page. **Note**: If you're not already in the Training module, you'll have to select the + sign first to open the options under **Training**.
- 2. The **Completed Training** screen opens (Figure 11).

TraX Training

Figure 11: Completed Training Screen

- 3. To print a single training certificate:
 - a. On the class row, select **Print** in the **Print Certificate** column. The certificate displays.
 - b. Use your preferred method to print the certificate or save it to your computer.
- 4. If you want to print a list (but not the certificates) of all your completed courses, select **Export to Excel, Export to PDF**, or **Print Classes**.

My Roles

If a WBT class didn't appear in the inventory or if this is your first time in the **Training** module, from the TraX **Navigation Bar**, select **My Roles** (Figure 9). The **My Roles** screen (Figure 12) displays.

Figure 12: My Roles Screen

Selecting roles in TraX is useful for limiting the available classes that TraX shows you, based on the DTS roles you hold and the classes you've completed. Of course, even with roles selected, you can always see every available class by selecting **Show All** as described under the *Section, Available Training.*

- 1. On the My Roles screen (Figure 12), check the boxes next to all the roles you hold in DTS.
 - a. At a minimum, you should select **Travel Card Holder**, and **DTS Traveler** (if you plan to travel or assist travelers).
- 2. When you are done making selections, choose **Update Roles** (Figure 12, Indicator 1) to apply the changes.
- 3. The screen updates with a **Success** message.
- 4. Select **Return to Class List** (Figure 12, Indicator 2) to access the revised class inventory. The **Available Training** screen appears.

Update Passport Account Information

If you need to update your **Passport** account information (e.g., your email address changed), start by logging into **Passport**.

- 1. On the **Passport Home** page (Figure 7), select **My Profile**.
- 2. The **My Profile** screen opens allowing you to change your account details (Figure 13). **Note**: Items with a red asterisk are mandatory fields.

3. Make the necessary modifications then select **Update Profile** to save your changes.

Additional Option – Associate the Username and Password account to the CAC

If you have a non-CAC/PIV DTMO **Passport** account (i.e., using a **Username** and **Password** login only) and would like to associate your **CAC/PIV** to it you can.

Begin on the **Passport Login** page (Figure 2).

- 1. Select "Continue with your CAC/PIV" option instead of entering your Username and Password.
- 2. A **Select a certificate** window opens (Figure 14). You'll be prompted to choose your CAC certificate. Then select **OK**.

O 🔫 Lodging	Select a certificate Select a certificate to authenticate v	ourself to secureuat.defense	travel.dod.mil:443	×

	Password	
	LOG IN	

Figure 15: Passport Single Sign-On Screen

- 4. Select LOG IN. You should see the Passport Login page.
- 5. Select "Continue with your CAC/PIV" option.
- 6. A **Select a certificate window** opens (Figure 14). You'll be prompted to choose your **CAC** certificate. Then select **OK**.
- 7. The **Passport Home** page opens. Select the application you need (e.g., **TraX**, **My Profile**).

Troubleshooting - Login Error

The DoD requirement is log in monthly to keep the **Passport** account active.

Begin on the **Passport Log in** screen.

- 1. Choose either Username and Password or your CAC/PIV to log in.
- 2. If you can't proceed to the **Passport Home** page, it could be due to inactivity of your account. If the account is locked then the **Passport Unlock** message (Figure 16) appears.

Passport Unlock
Due to an extended period of inactivity, it is necessary to reactivate your account.
Please click the "Acknowledge" button below to continue.
You will then be directed to your profile page to confirm your contact information.
Acknowledge

Figure 16: Passport Unlock Message

- 3. Select Acknowledge to proceed. The My Profile page opens.
- 4. Review and update any information requiring modification.

- 5. Once you finish, select Update Profile to retain the data.
- 6. You should be directed to the **Passport Home** screen. Select the applications based upon your permissions (e.g., TraX).

Note: If you are brought back to the **Passport Login** page, enter your credentials and you should be directed to the **Passport Home** page. Then select the applications available based upon your permissions.

Troubleshooting – Forgot Your Password

If you are a non-CAC/PIV DTMO Passport user and need assistance with your password, please go to "Forgot Password?" on the Passport Home page.

- 1. Select the Forgot Password link.
- 2. A Forgotten Password box appears (Figure 17).

Forgotten Password			
- f you have forgotten your password, enter your Login/E-Mail Address information below and then lick the Password Reset button.			
Login Email			
Password Reset			

Figure 17: Forgotten Password Screen

- 3. Enter your email address. Then select **Password Reset**.
- 4. You will receive information in your email. Follow the instructions to reset your password.
- 5. When you are ready, return to the **Passport Login** page and enter your credentials.
- 6. You will be brought to the **Passport Home** page. Then select the applications available on the screen based upon your permissions.
- 7. Once you reset a password whether through "Change Password" link or "Forgot your Password?" link, on the screen after new password is saved the entry is grayed out and unchangeable. Note: To change the password again, go through the "Change Password" link or "Forgot your Password?" process.

Troubleshooting – Login Help

If you experience a problem during login and receive an error message for failed attempts at **Username**, **Password**, or **Passcode** then a "**Login Help**" prompt will appear with information to assist you. In addition, on the **Passport Login** page there is a **Login Help** link (Figure 18).

Passport
