|--|--|
| <p>1. Officers-in-Charge, Marine Inspection, shall submit this report direct to the Commandant with a copy to the appropriate District Commander whenever an inspected vessel suffers failure of items of approved equipment such as life preservers, or of approved systems such as carbon dioxide extinguishing systems, or of non-approved systems where a dangerous condition results. Form CG-2752 should be used to report structural damage as a result of structural failure, collision or fire/explosion.</p> | <p>2. To eliminate presumption of oversight, enter "NA" under items which are not applicable and indicate as UNKNOWN or NONE items which these terms describe. Where exact or actual information is not available, enter estimate and label "EST".</p> |
