

LOOK SHARP - WEAR IT RIGHT!

Ashore you represent the U.S.G. Ashore in a foreign port you represent the United States. Look sharp! All eyes are on you.

HAT—Wear squarely on head, bottom edge horizontal. Do not roll, bend or crush brim. Keep spotless. Replace when permanently spotted or frayed. Wear your correct size. Wear white hat with diagonal woven seam of brim to the rear.

NECKERCHIEF—Press and roll only. Do not press flat after rolling. Upper edge of knot should be even with point of V on the jumper. Tie large knot. Keep ends even.

PROPER FIT—Uniforms must be made according to regulations. Avoid tailor-mades that are so form-fitting that you will soon grow out of them. Cloth should fall straight. Keep them neatly pressed.

HAIR—Keep sides and back closely trimmed. Top hair to be not more than three inches long. Shave daily.

INSIGNIA—Only military insignia are authorized on the uniform. Check Uniform Regulations for position.

PERSONAL GEAR—Pencils, identification cards, cigarettes, jewelry, wallets, should not be carried where they can be seen. Wrist watches, ID bracelets and inconspicuous rings are permissible.

WHITE HAT—Wear squarely on head with bottom edge horizontal. Do not roll, crush or bend brim. Wear your correct size. Wear with diagonal woven seam to the rear. Keep spotless. Replace when permanently spotted or frayed.

NECKERCHIEF—Press and roll only. Do not press flat after rolling. Upper edge of knot should be even with point of V on the jumper. Tie large knot. Keep ends even.

NECKERCHIEF is worn with undress whites unless otherwise specified in plan of the day.

RATING BADGE and other insignia should be worn in accordance with Uniform Regulations.

SLEEVES should be long enough to reach the wrist joint. Do not roll up, fold or slide up.

JUMPER should fall naturally (not form-fitting) and should be same length as blue jumper.

TROUSERS—Keep them pressed! Check proper length. They should hang naturally with no break. Bottom front barely touching bottom of shoe lacing.

DRESS BLUES

RIBBONS—Wear regulation only. Don't use cellophane covered or plastic impregnated types. Wear in proper order. Bottom row 1/4" above pocket and centered. No space between rows.

UNDERSHIRT—Wear regulation style only, clean, close-fitting and not frayed.

RATING BADGE and other insignia should be worn in accordance with Uniform Regulations.

SLEEVES should be long enough to reach the wrist joint. Do not roll up.

SOCKS—Wear regulation black only. White no longer authorized.

NECKERCHIEF is not worn unless specified in plan of the day.

JUMPER—Should fall naturally (not form-fitting) and should cover all but lowest side button of trousers.

TROUSERS—Keep them pressed. Check proper length. They should hang naturally with no break so that bottom front edge barely touches bottom of shoe lacing.

WORK SHOES—Keep them as clean as possible and in good condition—for safety's sake.

UNDRESS BLUES

WHITE HAT is still proper uniform with dungarees.

COLLAR UNBUTTONED—All other buttons secured.

SHIRT should be clean and unfrayed but need not be pressed.

BELT—Wear regulation black web only with regulation buckle.

BLUE WORKING CAP (baseball type) is now authorized for wear with dungarees.

STENCIL with care in proper place. See ALL HANDS Magazine August 1955 for complete details on stenciling all your gear.

SLEEVES should be long enough to reach the wrist joint. Do not roll up. Cuffs should be buttoned at all times. For exceptions, see your safety manuals.

BELT—Wear regulation white web only with regulation buckle.

DUNGAREE TROUSERS—Should be clean and not torn or frayed but need not be pressed. Bottom edge should be cuffless and neatly hemmed. Do not roll or fold up bottoms except when job requires it.

SOCKS—Wear regulation black only. White no longer authorized.

DUNGAREES

UNDRESS WHITES

POSTURE—The straighter you stand the better you look. Hold that waistline in. Shoulders back!

SHOES—Keep them in good condition top and bottom. Solid soles and heels prevent tired feet. Shine!

FOLDING YOUR UNIFORM properly helps to insure neatness. See ALL HANDS Magazine, September 1955 for details.

RESERVE ENLISTED UNIFORM GUIDE

COMBINATION HAT--Worn with blue, white, or gray seersucker cover and the metal emblem. The garrison cap may also be worn.

TIE--Tied in a square knot so that the two ends are even and fall naturally.

GROUP RATE MARKS AND RATING BADGES--Worn on white shirts, blue jacket, and the gray working uniform. Position: left sleeve, midway between the shoulder and elbow.

POCKETBOOK--Worn with or without the strap.

GLOVES--White gloves are worn on formal or social occasions. Black leather or fabric gloves are optional with the gray uniform.

STOCKINGS--Hose should be beige colored and undecorated. Dark seams are not uniform.

SHOES--Black service oxfords or dress pumps are worn with the service dress blue or gray working uniform. The heel should be a minimum of 1" and a maximum of 2" in height.

SPAR SEAMAN
IN SERVICE DRESS
BLUE UNIFORM

METAL INSIGNIA--Worn 1" from the bottom and midway between the sides.

SHIELD--A white shield is worn on blue uniforms midway between the top of the cuff and elbow. On the gray dress and white shirt the blue shield is worn on the center line of the right sleeve, 1" above the top edge of the cuff.
