Jan 17, 2022

Welcome to [USAF Center for Strategic Deterrence Studies](#) News and Analysis. As part of the CSDS mission to develop [U.S. Air Force](#), [Department of Defense](#), and other [government](#) leaders to advance the state of knowledge, policy, and practices within strategic defense issues involving nuclear, biological, and chemical weapons, we offer the government and civilian community a source of contemporary discussions.

## Feature Report

[“Getting the Multi-Domain Challenge Right,”](#) Center for Global Security Research/Lawrence Livermore National Laboratory, Dec. 2021.

CGSR: "The essays collected here offer some answers to these and related questions. They grow out of a campaign of activity that has been underway at the Center for Global Security Research (CGSR) since 2015, which is aimed at understanding the requirements of integrated strategic deterrence. That campaign has included more than 30 workshops and more than 100 speakers. Some of the papers presented here were developed for a capstone workshop in spring 2021 aimed at surfacing key insights and lessons." [Read Report](#).
