

Requests Report
Received between 10/01/2021 and 12/31/2021

Received Date	Request ID	Request Description	Organization	Requester Name
10/01/2021	2022-CGFO-00028	The Cleveland Harbor West Pierhead Lighthouse Coastguard COE in Cuyahoga County, Ohio I am working with the GSA and USCG to get this light and the NLPHA of 2000. I have visited the island with the USCG in early Sept 2000. AS part I need and all EPA reports dealing with a step or phase 1 and 2 that deal w/ lead and asbestos. To be part of the act, I was told by CMDR (b) (6) in the city that to be part of the act would of clear this part. I want paperwork on this. Plus the newest invoice and billing and bill report and photos talking about this. Pic drawing and photos would be great and any other work newest to oldest in the past few years. I ask for any other info that is done within 5 years on the light you and give or bill for. I do not need a seal or stamps and pic can be black white if faster. Thanks for the help, Ryan MacConnell (b) (6) h (b) (6) (b) (6) @gmail.com	Eriehonan Charity	MacConnell, Ryan
10/01/2021	2022-CGFO-00027	records pertaining to the sexual assault allegation and investigation of A US Coast Guard servicemember	Law Office of Christina Alfonso, LLC	Alfonso, Christina
10/01/2021	2021-CGFO-02418	Dear Sir/Madam: Please be advised that I have been retained to represent (b) (6) concerning his application to correct military records from the Coast Guard. On February 15, 2021, our office requested an expedited release of all records to include but not limited to; investigations, inquiries, administrative proceedings, military justice, police reports, and any document pertaining to the underlying reasons for (b) (6) initial discharge from the Coast Guard. The tracking number for our previous request was FOIA 21-CGFO-00964. We request copies of the search warrant and all documents relating to the search and seizure of (b) (6) cell phone and electronics and all records pertaining to (b) (6) drug testing and results. We believed our original request covered these requested documents. Thus, this new request clarifies the previous FOIA submission and requests the documents not previously included in the released FOIA documents on July 20, 2021. Please provide the records to my email at (b) (6)@NationalSecurityLawFirm.com, fax, or mail. Thank you for your attention to this matter. (Date Range for Record Search: From 09/21/2014 To 01/13/2017)	National Security Law Firm	McCray, Alicia

Please send to me an electronic copy of the "Coast Guard Cloud Strategy".... Final doc might be dated 04/09/2021.... as mentioned on the USCG web page...First-ever signed	Oracle Corporation	Aucella, John

		Cloud Strategy moves the Coast Guard one critical step closer to modernization > United States Coast Guard > My Coast Guard News (uscg.mil) "First-ever signed Cloud Strategy moves the Coast Guard one critical step closer to modernization" By Shana Brouder, MyCG Writer The Deputy Commandant for Mission Support (DCMS), Deputy Commandant for Operations (DCO) and the Chief Information Officer (CIO) signed into action the first-ever Coast Guard Cloud Strategy, highlighting a pivotal turning point in the service's modernization strategy to improve mission readiness across directorates and districts alike. "Coast Guard access to Cloud Services and the resulting Cloud capabilities are vital to the success of modernization efforts," explained acting Chief Data Officer and Chief Enterprise Architect, Mark Bortle, about how the need for a Cloud Strategy came to be. "It is the logical next step in the Tech Revolution and will enable and support modernization goals. Combined with the Data Strategy, the Cloud Strategy will support the Coast Guard's ability to achieve the highest readiness posture." The Federal Cloud Computing Strategy defines "the cloud" as an array of solutions that offer many capabilities and management options—including on-demand service, broad network access and resource pooling—to enhance mission and service delivery. Bortle explains, "Cloud services allows processing to be completed on cloud-enabled applications and resources that are pooled and configured to provide security, unlimited scalability and continuity of operations. Coast Guard applications that impact both business and operations can be rapidly created, tested, and deployed with cloud services combined with DevSecOps software development methodology."..... (Date Range for Record Search: From 04/01/2021 To 05/31/2021)		
10/27/2021	2022-CGFO-00225	I am requesting all correspondence from the Coast Guard Academy (CGA), including the Coast Guard medical clinic, relating to me while I was (b) (6) at the Coast Guard Academy. This includes emails sent to offices outside CGA to other Coast Guard offices, specifically all offices at CG-1 and CG-DCMS. (Date Range for Record Search: From 07/09/2021 To 10/10/2021)	-	(b) (6)
10/28/2021	2021-CGFO-02392	I know it is a long shot. I was wondering if possible under the act to obtain a audio copy of the marine traffic on 9/11/01 from 9AM till 1PM.	-	Hill, Michael
10/28/2021	2021-CGFO-02394	Following boat has escaped from an accident scene in Miami Florida. Please help us to identify the vessel to take legal action.	-	Lequerica, Rodrigo
10/28/2021	2022-CGFO-00226	There are some Non-American groups poaching government estates and I'm involved I used my credentials gained and history to buy some, and now I need them to be union inspected and readied for me to move there, some are project offices and some are historical estates I was trying to find a lady who already works for the government with high clearances who might be interested in finding a higher road to kids other that street corporate toys and street	I'm moving GI Jane into prime position over Americ	GDI, GDI

	<p>education There is a much better life for kids back there, highly developed science development and calculated lives I've got the location codes to run projects like that and on the streets I've got a problem with Non-American groups poaching them You might find a lady back there trying to help me To catch them you need a really good computer array, put a new one together We'll build this There is no good life on the surface, it's too dangerous and too boring All the clearances on the inner system are perfect for me to move forward with a project location and a personal one I needed to make sure these locations were not booby trapped, so I send the trade unions It's been a problem since the 70s and now we are catching up I should have everything I need already, which computers can access a xerox of the contracts? How can security be so low that someone else will claim your properties and move in? DoHS was suggested to build a system to catch them You can make a profile of them by the person who buys their clothes, even for people "without papers" "without passports" I've moved all these projects forward, now I need to remove a few impedances There are only so many people who move houses in between seasons, track all of them and narrow it down March 1 June 1 September 1 December 1 I had some Navy fighter pilot settlements even back during the second half of Obama, it's been an ongoing project They gave me a bunch of credentials off my upgraded nuclear power badges They hid all the arsenal pieces on me as well I've seen a lot of black hair terrorists, and so I've put together a "Neapolitan Forces" set of groups based on Red Hair, Brown Hair and Blonde Hair Keeping the people with black hair out of it might eliminate some natural problems Security was so low and rudimentary it couldn't catch them Check my badges for setting up a special operations office and running the project myself I activated DoHS cashiers at the White House, go check if I have enough money for my personal paychecks Do an audit on my accounts and luxury items like jewelry I had a meeting with the DoHS recently, so I've been into a building and through the high grade scanners That also builds a profile, it was San Diego I should be able to fund a satellite office with my accounts, get some people some jobs and help out I like to pay \$3,000,000 per person per year Even if it's a semi-corporate hire packet, it might work out Put together a new set of dossiers for it I can't support kids on my current life and many of the paths forward I'm perfect and beautiful and not wanting to get 10 years further down the road without support for (b) (6) Sign me up for some super support programs for kids There are probably some ladies who are also in that mode See how much I can get done on my clearances alone, even all the way out to space faring credentials, I think I've got some astronaut pilot credentials back there Make a packet and check if it gets deleted, set up a "bait car" of files to catch them Generate a set of paperwork which covers the entire scope of</p>

11/05/2021	2022-CGFO-00031	It is the job of the Assessor to determine ownership of certain watercraft located in St. James Parish on January 1st of each year. Some of these vessels listed are known to us but a large portion are not. By utilizing your website in the past, we were able to determine the owner of each vessel to determine if it was taxable or not (such as a foreign flag vessel in international commerce). Because we cannot readily search for this ownership date on our own, we kindly request the ownership information to be provided to us or if we can establish a login to review this annual data on our own. Please provide us information on how to create such.	St. James Parish Assessor's Office	Babin, Adam
11/05/2021	2022-CGFO-00033	I'm a journalist from Spain and I work for Sonora, a new podcast. I'm working on a podcast about the situations of migrants in borders like the Mediterranean Sea, Venezuela-Colombia, México-U.S. and Cuba-U.S. I would like to talk to you about the situation on the U.S. border with Cuba. From Sonora we are looking for recordings of calls from migrants asking for help from emergency services or NGOs. The Monroe County Sheriff's Office and the U.S. Border Patrol tells me that you can probably help me. So I would like to know if your department could help us to get this type of material. In addition, from Sonora we	-	Garcia, Alicia

12/08/2021	2022-CGFO-00163	Please see attached example of a recent notice as required in advance of lightering operations. Advance notice of lightering (notice of arrival) is specific and referenced in the Code of Federal Regulations below: 156.215 Pre-arrival notices. (a) The master, owner or agent of each vessel to be lightered must give at least 24 hours advance notice to the Captain of the Port nearest the lightering location or zone, prior to arrival in the lightering location or zone. This advance notice must include: (1) The vessel's name, call sign or official number, and registry; (2) The cargo type (if oil) or shipping name (if hazardous material) and approximate amount on board; (3) The number of transfers expected and the amount of cargo expected to be transferred during each transfer; (4) The lightering location or zone to be used; (5) The estimated time of arrival in the lightering location or zone; (6) The estimated duration of transfer operations; and (7) The name and destination of service vessel(s). (b) In the event the estimated time of arrival in the lightering location or zone changes by more than six hours, the Master, owner or agent of each vessel to be lightered must advise the Captain of the Port of this change as soon as possible. (c) Where lightering is conducted as a result of collision, grounding, tank rupture or any similar emergency, immediate notice must be given to the Captain of the Port. (d) In addition to the other requirements in this section, the master, owner, or agent of a vessel that requires a Tank Vessel Examination (TVE) or other special Coast Guard inspection in order to lighter in a designated lightering zone must request the TVE or other inspection from the cognizant Captain of the Port at least 72 hours prior to commencement of lightering operations. Our request was for the record of these notices in the US Gulf (2019 and 2020) for the purpose	Lightering LLC	Wrenn, Clayton

		of analyzing the volume of lightering operations in the region. If after reviewing attached and above there is a more clear understanding of our request, we would be grateful for the current year's data as well.
