

PUBLIC NOTICE

Former Naval Air Warfare Center Warminster Warminster, Pennsylvania

Fifth Five-Year Review

The Naval Facilities Engineering Systems Command Base Realignment and Closure Office (NAVFAC BRAC PMO), in cooperation with the United States Environmental Protection Agency (EPA) and Pennsylvania Department of Environmental Protection (PADEP), has begun the fifth five-year review of the remedies implemented at Former Naval Air Warfare Center (NAWC) Warminster, Pennsylvania. The purpose of the five-year review is to ensure that the selected remedies are effectively protecting public health and the environment. The five-year review process is mandated under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (also known as Superfund) for sites where the selected remedial actions result in contaminants remaining above levels that allow for unlimited use and unrestricted exposure.

NAVFAC BRAC PMO will conduct interviews, review reports, and assess site conditions to evaluate if the remedies remain protective of human health and the environment. Public participation is encouraged and welcomed. If you are interested in participating in the interview process, please contact the BRAC Environmental Coordinator (contact information below) by July 31, 2021. The fifth five-year review will be completed by November 30, 2021, and will focus on the following Operable Units (OUs) where remedial actions have been implemented:

- OU-1A: Contaminated groundwater attributable to Area A (Sites 1, 2, and 3 and adjacent areas and the Impoundment Area).
- OU-3: Contaminated groundwater attributable to Area C (Sites 4 and 8 and nearby locations).
- OU-4: Contaminated groundwater attributable to Area D.
- OU-7: Soils and wastes associated with Sites 6 and 7 at Area B.
- OU-9: Soils, surface water, and sediment associated with Area A.

FOR MORE INFORMATION

If you have any questions or wish to discuss the project, please contact the following:

NAVFAC BRAC PMO: Dawn DeFreitas, BRAC Environmental Coordinator, (215) 897-4900, or email dawn.defreitas@navy.mil
