

DLA Aviation

DEFENSE LOGISTICS AGENCY

The Nation's Combat Logistics Support Agency

A major subordinate command of the Defense Logistics Agency, DLA Aviation is the aviation demand and supply chain manager for DLA and much of the Defense Department. Employing more than 4,000 civilian and military personnel in 20 locations across the United States. We provide aviation weapons systems and environmental logistics support to the defense aviation community and other governmental customers.

DLA Aviation supports more than 13,500 joint aircraft, 450 intercontinental ballistic missiles and a host of other weapons systems. The activity is the U.S. military's integrated material manager for more than 1.7 million national stock number items, industrial retail supply and depot-level reparable acquisitions.

DLA Aviation directly supports the warfighter through weapons systems management, industrial retail supply and strategic acquisition support operations. DLA Aviation plays a pivotal role in supporting our Army, Air Force, Marine Corps, Navy, and Space Force services by providing targeted solutions and full-spectrum logistics support.

DLA Aviation also operates the federal government's only industrial plant equipment facility at Mechanicsburg, Pennsylvania.

A proven performer, DLA Aviation had \$5.0 billion in sales during fiscal year 2021, processed 3.9 million customer orders during the year, and conducted business with 3,468 suppliers as part of its support to its 12,287 customers.

DLA Aviation-a proud member of the nation's combat logistics support agency.
