MEMORANDUM FOR DISTRIBUTION

SUBJECT: Review of DoD OIG-Issued Reports Related to Protecting Classified Information
(Project No. D2023-D000IG-0114.000)

The purpose of this memorandum is to notify you that we plan to begin the subject review in April 2023. The objective of this project is to summarize unclassified and classified audit and evaluation reports issued by the Department of Defense Office of Inspector General that included findings and recommendations related to: (1) DoD Insider Threats; (2) cybersecurity risk areas within DoD components; and (3) physical or industrial security weaknesses. The project will seek to identify trends, lessons learned, and best practices from our prior work, along with highlighting open recommendations in areas that could be subject to an increased risk of information leaks or unauthorized access to information. We plan to announce additional reviews on related topics in the future.
