c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

CAPS-W automates the entitlement process associated with vendor pay operations within the Accounts Payable organizations. Each site processes vendor payments for different customers. DFAS Accounts Payable organizations use CAPS-W to perform entitlement processing to include authorization, processing, validation, certification, and error monitoring. CAPS-W looks for a three-way match (purchase order/invoice/receiving report) to calculate entitlements. The system also facilitates compliance with the Prompt Payment Act to reduce interest penalty payments, discounts lost, and time spent in processing payment.

The following PII elements are collected: Department of Defense (DoD) ID number, financial information, mailing/home address, name(s), Social Security Number (SSN), and tax identification number.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

The PII is collected in order to support the vendor payment process.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

CAPS-W does not collect PII directly from individuals.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
