

# BIG RED ONE INNOVATION CENTER

The 1st Division Innovation Dashboard is the central point of connection for Warfighters and innovators across the Division to submit, monitor, and advance problem statements through the innovation process to produce results. The 1st Division Innovation Dashboard links innovators to the resources and network needed to enable warfighter-centered innovations to solve Warfighter problems.

## How We Can Help You and Your Unit:

- Connect you to available resources, SMEs, academic and research partners, and information to help you develop innovative solutions.
- Offer opportunities to partake in specialized training to advance innovation efforts across the Division.
- Advocate for additional support.
