Transmittal No. 21-37

India – Harpoon Joint Common Test Set (JCTS)

WASHINGTON, August 2, 2021 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of India of Harpoon Joint Common Test Set (JCTS) and related equipment for an estimated cost of \$82 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of India has requested to buy one (1) Harpoon Joint Common Test Set (JCTS). Also included is one (1) Harpoon Intermediate Level maintenance station; spare and repair parts, support, and test equipment; publications and technical documentation; personnel training; U.S. Government and contractor technical, engineering, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$82 million.

This proposed sale will support the foreign policy and national security of the United States by helping to strengthen the U.S.-Indian strategic relationship and to improve the security of a major defensive partner, which continues to be an important force for political stability, peace, and economic progress in the Indo-Pacific and South Asia region.

This proposed sale will improve India's capability to meet current and future threats by providing India with flexible and efficient Harpoon missile maintenance capabilities to ensure maximum force readiness. India will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be The Boeing Company, St. Louis, MO. There are no known offset agreements proposed in connection with this potential sale. Any offset agreement required by India will be defined in negotiations between the purchaser and the contractor(s).

Implementation of this proposed sale will require the assignment of one (1) U.S. contractor representative to India for a duration of one (1) year to support technical reviews, support, and oversight.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law. The description and dollar value is for the highest estimated quantity and dollar value based on initial requirements. Actual dollar value will be lower depending on final requirements, budget authority, and signed sales agreement(s), if and when concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
