

DIGGING PERMIT

(For use of this form see CAM Regulation 420-3. The proponent of this form is DPW)

NAME, RANK, TITLE, TELEPHONE NUMBER AND E-MAIL ADDRESS OF REQUESTER	DATE OF REQUEST
UNIT/ORGANIZATION OF REQUESTER	PROJECTED WORK DATE(S)
LOCATION OF PROPOSED EXCAVATION <i>(Attach map or overlay as appropriate)</i> <input type="checkbox"/> ATTACH FILE <input type="checkbox"/> DISPLAY FILE	
PURPOSE OF EXCAVATION <i>(Project number / Contract number / Title / Etc.)</i>	

PART I (Utilities Coordination)

Digging or excavating work is a requirement within the scope of work to be accomplished. I understand:

- * DPW environmental coordination not required for housing occupants.
- * My responsibility in relation to safety, property damage, personal injury and life threatening hazards associated with digging in the vicinity of underground utilities. Verbal approvals may be given by entities on this form. I understand these approvals are based on information I provide.
- * Underground utilities which may be encountered while performing digging and excavation work are high voltage electrical cables, high pressure lines, sewer lines, steam lines, liquid fuel lines, telephone cables, control cables, and refrigerant lines. Digging into any one of these lines could result in extensive property damage. Severe injury or death could result from digging into electrical cables, gas lines, liquid fuel lines, and other high pressure lines.
- * All known underground utilities within the project limits will be discussed with me or my project representative during the course of this coordination. Exact location may be unknown; therefore I am responsible for performing such work as may be necessary to determine exact locations. When calling TENNESSEE ONE CALL and KENTUCKY BUD, advise them the locate request is for Ft. Campbell, KY (Government Reservation), not county.
- * I understand it is my responsibility to notify the appropriate personnel listed below and request locating and marking underground utilities, and have each person complete this form.
- * Please allow a minimum of 3 working days for DPW personnel to locate and mark all utilities in your project area, and 7 workdays for communications lines. Housing area residents are not required to obtain initials for blocks 3, 8, 9, 11, 12, and 13.
- * Excavation shall not begin until I have a completed copy of this permit from DPW, Contract Management, or their designated representative.
- * A completed copy of this permit will be on the job site at all times.
- * In accordance with CAM Regulation 420-3, if work is not started within 30 days after permit issue, this permit is null and void.

NAME OF REQUESTER	All items below must be completed by section representatives in order for the permit to be valid.
1. Contact DOIM, 907 Ohio Ave., for location of post telephone lines or fiber optic cable. MON - FRI 0730 - 1630, telephone (270) 798-9650.	
2. For location of South Central Bell telephone lines in housing areas, contact Kentucky BUD, telephone 1-800-752-6007.	
3. For location of selected telephone lines in the barracks area (3200, 3600, 3700 4000, 6700, 7000, 7100, 7500 blocks), contact AT&T, Wayne Howes, telephone (270) 798-9200/ (270) 698-1963. No AT&T utilities between Wickham and US 41A from 41st Street to south end of Ft. Campbell.	
4. For marking and clearance of underground TV cable, contact James Phillips or Gerald Schneider at COMCAST, telephone (931) 431-5633.	
5. For marking of miscellaneous underground utilities such as steam, chill water lines call DPW Work Order section at (270) 798-1200, building 869, MON - FRI 0730-1600.	
6. For marking of GAS in housing areas call "TN ONE CALL" 1-800-351-1111. Construction contractors may call (931) 542-9600.	

7. For underground electric distribution, contact DPW Work Order Section, building 869, MON - FRI 0730-1600, telephone (270) 798-1200. Coordinate with Range Central for electric down range on training areas.		
8. Underground control cables at CAAF. Cables are located outside of Perimeter Road around CAAF. Contact ATC, Joe Wooten, telephone (270) 798-6520/3028.		
9. For location of underground POL lines at CAAF/SABRE airfields and motor pools call (270) 798-6691.		
10. For marking of underground water and sewer cal CH2MHill, telephone (931) 431-5677.		
REMARKS		
PART II (Environmental Coordination)		
<p>The requester will observe and enforce the following requirements:</p> <ul style="list-style-type: none"> * Inspection of the proposed sites shall be conducted by DPW if archaeological site survey of the area is incomplete, or the archaeological survey identifies the proposed site as high risk (where finding of archaeological resources is probable). Records of archaeological surveys are maintained at DPW, Environmental Division. * DPW shall monitor the excavation process in high risk areas (where finding of archaeological resources is probable). * If archaeological resources are discovered during the course of an excavation, this coordination becomes invalid. Excavation or disturbance of the site shall be suspended and DPW shall be notified immediately. DPW will evaluate the significance of the finding and issue new guidance. * Solid Waste Management Units (SWMU) have been identified across Fort Campbell (to include the entire CAAF area). SWMUs usually require special instructions that may be provided during the course of this digging permit coordination. I realize I shall follow that guidance. All excavations in and/or near Solid Waste Management Units (SWMUs) must be coordinated with the Restoration Program Manager, 798-9768. * All work at CAAF must be coordinated with the Restoration Program Manager, 798-9768. * If potentially contaminated earth (unusual odor or appearance) is discovered during excavation, cease work immediately and contact the Restoration (SWMU) Program Manager, 798-9768. 		
SIGNATURE OF REQUESTER	 Click to Approve	All items below must be completed by section representatives in order for the permit to be valid.
11. ARCHAEOLOGY (Mabry House, building 6801, telephone (270) 798-7437)		
12. LAND MANAGEMENT (Conservation Branch, building 2159, telephone (270) 956-2738).
