09/02/2022	2022-CGFO-02425	On Saturday, August 20, 2022 on or around 10:28 am, I placed a radio call to the US Coast Guard to report that a sail boat by the name of Lady Liberty from New York crashed into my Boston Whaler Outrage 17 on the port side of the bow. My boat was stationary and I was fishing along with a friend on board. We were located in the vicinity of the Hooter Buoy in Block Island Sound and did our best to give longitude and latitude coordinates to the Coast Guard dispatcher. Fortunately, the damage caused by the impact did not prevent me from continuing to operate my vessel. I also heard Lady Liberty radio on this same channel that they were leaving the scene. When I returned to my port in East Matunuck RI (Cap'n Jack's Marina), I contacted the RI DEM Police to file a report. On the following Wednesday, DEM Officer [REDACTED] contacted me and informed me that since I was in federal waters, he could not file the complaint as it was not in his jurisdiction. I am respectfully requesting a report or copy of the transcript of my radio call to the Coast Guard. I am also requesting documentation of my phone call to the Coast Guard on this date since the Coast Guard dispatcher gave me a phone number to call her (since my radio transmission had some static). The operator of Lady Liberty had no boat registration and no insurance documentation, however he did give me his phone number ([REDACTED]) and texted me a picture of his New York drivers license (I will upload). He also said his boat was	Personal request	(b) (6)

		registered with the US Coast Guard. The name of my vessel is Island Time. My cell phone is [REDACTED]. Thank you for your time in fulfilling my FOIA request.

09/20/2022	2022-CGFO-02552	The bases for this records request are [1] the March 15th 2022 study of the Department of Homeland Security (DHS) on the subject of misogynistic extremism as well as their "superficial look" at the life and death of (racist and sexist) Scott Paul Beierle; [2] the conversation held between (b) (6) [REDACTED] and (b) (6) [REDACTED] on the subject of the "incel community." (....) What I am requesting for prompt disclosure are records in your possession detailing [1] the formal/informal ties that exist between your office, the Department of Homeland Security (DHS) United States Secret Service (USSS) and the Department of Justice (DOJ); [2] your discussions about Scott Paul Beierle as a Caucasian man who was 40 years old at the time he "opened fire (...) inside a yoga studio in Tallahassee, FL, killing two	-	Ayele, Michael

		women and injuring four more before committing suicide;" [3] your discussions about the DHS as a federal agency, which has identified Scott Paul Beierle motivation to carry out violence to "his inability to develop or maintain relationships with women, along with his perception of women's societal power over men;" [4] your discussions about the DHS as a federal agency, which recognizes that Scott Paul Beierle left a note railing against America's racially integrated society, writing in part: "If I can't find one decent female to live with, I will find many indecent females to die with. If they are intent on denying me life, I will have no choice, but to deny them life...Their arrogance, indifference and treachery will finally be exposed and punished. If I can't make a living, I will make a killing...I will be successful with females: if I can't be successful at being positive, I will be successful at being negative. This is in their court however. This is not what I wanted. No kid sits in their room at night dreaming of this. It has come to this though, and I simply have no choice at this point. It is a moral imperative;" [5] your discussions about the DHS as a federal agency, which recognizes that Scott Paul Beierle was influenced by the mass shooting of May 2014 near the campus of the University of California, San Barbara (UCSB) at the time he carried out the November 2018 shooting that targeted women (because of their gender); [6] your discussions about the DHS as a federal agency, which recognizes that the origins of the "incel" label date back to the late 1990s, when a Canadian woman created an Internet peer support forum for people who wanted a sexual relationship but were unable to find a partner; [7] your discussions about the DHS as a federal agency, which recognizes that the term "incel" is often used to describe men who feel unable to obtain romantic or sexual relationships with women, to which they are entitled; [8] your discussions about (b) (6) de as a Caucasian woman, who has identified (b) (6) as a "pseudo-intellectual hero to the incel community."
