Welcome Message to the Army Reserve's Innovators

To the Soldiers and Civilian of the 75th US Army Reserve Innovation Command,

I am honored to assume command of the 75th US Army Reserve Innovation Command on 1 June 2024 and look forward to the formal Change of Command ceremony during the upcoming Battle Assembly later in the month.

The 75th is pivotal in advancing the Army's technological capabilities; your dedication, both as Soldiers and civilians, is crucial to ensuring our continued success.

I have closely followed the outstanding work accomplished under the leadership of MG Klein - and through the hard work and dedication of the members of this Command. Your innovative spirit and commitment to excellence is inspiring. I am confident we will continue to build upon this strong foundation.

I look forward to the opportunity to meet each of you and learn more about your specific roles and contributions within the 75th. Transparent communication and continued collaboration is paramount as we work to advance Army transformation initiatives.

Thank you for your continued service.
