COAST GUARD GROUP COMMANDERS PLAN INVASION TACTICS

Final plans for the French invasion are laid by these two Coast Guard group commanders as they study a rubber mosaic of the coast in the hold of a Coast Guard-manned assault transport just before the big assault. They are Capt. Edward H. Fritzsch, of 901 Creed Road, OAKLAND, Calif., Assault Group Commander of the Western Task Force, and Capt. Miles H. Inlay, of 105 Glenwood Avenue, NEW LONDON, Conn., Deputy Assault Group Commander of the Western Task Force.

(FRANCE) 8/6/44-- WITH A HEAVY LIST TO PORT, THIS COAST GUARD LCI CRAFT PULLS ALONGSIDE A TRANSPORT TO EVACUATE HER TROOPS AND WOUNDED, JUST BEFORE SHE CAPSIZED AND SANK DURING FIRST INVASION DAY. (COAST GUARD FOTO) SIGNAL
