

2024 Maui, Hawaii Temporarily Increased BAH Rates

The table below shows the temporarily increased BAH rates by pay grade, effective July 1, 2024 – December 31, 2024 for the Maui Military Housing Area. Only Maui BAH recipients verified by their Service as incurring housing costs above their current BAH rate are eligible for the temporarily increased rates. Note that these rates were determined by DoD economists based on housing data available as of May 2024. These rates may differ from the 2025 BAH rates for Maui, which will be based on additional housing cost data collected through August 2024. Rate protection does NOT apply for the temporarily increased rates, so members may receive a 2025 BAH rate that is less than the temporarily increased rates.
