of Engineers®

# APEX ACCELERATORS

Old name = PTAC / **New name** = APEX Accelerators

The APEX Accelerators program, *formerly known* as Procurement Technical Assistance Centers (PTAC), under management of the Department of Defense (DoD), Office of Small Business Programs (OSBP), plays a critical role in the Department's efforts to identify and helps a wide range of businesses enter and participate in the **federal market**. The program provides the **education and training to ensure that all businesses become capable of participating in federal, state, and local government contracts**.

**Small Business** may use APEX Accelerators to **LEARN** how to do business with the Government.  
**Large Business** may use APEX Accelerators to **find** subcontractors / support subcontracting goals.
