Transmittal No. 25-49

Singapore – Ebbing Air National Guard Base Construction Services

WASHINGTON, October 31, 2025 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Singapore of Ebbing Air National Guard Base Facilities Construction Services and related equipment for an estimated cost of \$353 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress.

The Government of Singapore has requested to buy construction services at Ebbing Air National Guard Base and other related elements of logistics and program support that will be added to a previously implemented case whose value was under the congressional notification threshold. The original Foreign Military Sales (FMS) case, valued at \$27 million (\$0 in MDE), included U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics and program support. The estimated total cost is \$353 million.

This proposed sale will enhance the foreign policy and national security objectives of the United States by improving the security of a strategic partner that is an important force for political stability and economic progress in Asia.

The proposed sale will improve Singapore's capability to maintain operational readiness and interoperability with U.S. and coalition forces. Singapore will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

There are no principal contractors associated with this potential sale. At this time, the U.S. government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. government or contractor representatives to Singapore.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

The description and dollar value are for the highest estimated quantity and dollar value based on initial requirements. Actual dollar value will be lower depending on final requirements, budget authority, and signed sales agreement(s), if and when concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Under Secretary of State for Arms Control and International Security, Political-Military Affairs Outreach, at T_Outreach_PM@state.gov.
