(U) CCH Calendars - Tuesday Update and "Fill in the Blanks" challenge

(U) I'm not sure who will be manning the Ops 1 Cafeteria hand-out (at the CWF tables) but I will be in the Ops 2A/2B cafeteria at about 1030 with CCH calendars. If we run out today don't worry - we still have a supply in the office and will bring over more boxes tomorrow.

(U) If you are in a building we aren't able to cover, feel free to come pick up a box [REDACTED] and hold a distribution at your building. We only got a few responses to last week's call for volunteers. As you may know, we are a small 12-person office and we can't be everywhere this week. I expect we'll still have some calendars next week and we're always happy to have visitors here [REDACTED] if you want to pop over and pick one up (NEXT WEEK - there won't be many folks in the office this week!)

(U) Once you have your calendar, the fun begins. Yes, we know there are some typos and at least one outright mistake. What we'd like you to focus on is the BLANK days on the calendar. Everyone is invited to submit items to fill in those blank days so we can improve the next calendar. You can submit your ideas here in "History Rocks!" or email them to dl cch. Have fun!

(u//~~FOUO~~) Can we pick up more than one calendar

(U//~~FOUO~~) To save everyone in the area making a trip to any of the pick up sites.. can we pick up more than one calendar when we are there?

Re: (u//~~FOUO~~) Can we pick up more than one calendar

(U) Yes, it is okay to pick up more than one; if you want more than a dozen, just let me know that it is for your office and not for your Christmas gift list . ;) We should have more than enough for everyone who wants one however we will not have all the calendars with us today.

Approved for Release by NSA on 03-30-2026, FOIA Case # 64726
