Do they need to be current employees - I know of at least one (possibly two) who are now retired - but may have had some involvement with that particular situation.

One is retired in Washington state (the Seattle region) and the last I knew - the other retired in the Augusta, GA area. If interested, I can contact my colleagues know how to contact them and get them in touch with you.

(U) We need to have clearances and we need to be able to email them classified material - but thanks for thinking of them! I think we have 3 or 4 folks who are going to help, so with any luck that will take care of things.

**(U) We've found a few people!**

(U) Thanks for all the email! We've identified a few people who can help. If you think of someone who is cleared and has access to classified email you can drop me a line, but we should be okay for the moment.

(U) Really appreciate the help we've gotten from all. :)
